Subject: Pebble CMP

Hi All-

I had a brief call today with Shane regarding the CMP. The Corps is expecting to receive the CMP from PLP by Nov 20. Per the management agreement with EPA and FWS, the Corps will share any rule-compliant CMP with EPA and the public by posting it on the Corps' Pebble website. I asked what would happen if the CMP is not rule-compliant and Shane was uncertain and said that the Corps would decide that after the CMP was received. We did agree to have another call around Nov 20th.

Folks in our regional 404 program are probably already aware that this is Sheila's last week in Alaska. Ryan Winn will be acting in her position for a 120-day detail followed by Calvin Alvarez for a 120-day detail.

Best regards

Patty
